

Tuition & Financial Assistance Policy

All families are required to pay a **\$75 registration fee** at the time of enrollment to secure their child's placement in the program.

Enrollment & Tuition Policy

Tuition is based on a sliding scale with three tiers, determined by household income. Families will be placed into the appropriate tuition tier after submitting the required income verification documents.

Scholarships are only available to families who qualify for Tier 3 tuition.

Once enrolled, families are required to sign up through Famly for automatic tuition payments.

Tuition payments missed will receive a 2-day grace period to resolve the outstanding balance. If payment is not received within this timeframe, a \$25.00 late fee will be applied, and or the student may be disenrolled from the program.
